Guests:

Follow Up Needed: one more meeting for Friday, May 26 at 10 am in 69 Bascom

Announcements:

LaMarr: one more meeting for Friday, May 26 at 10 am in 69 Bascom

1. WRC University Caucus.

LaMarr's update:

- Summarized thrust of 2006 meetings in Washington D.C.
- March meeting devoted to line by line review of DSP implementation 19 page document
- April meeting included
 - 4 hours of presentations by students representing each campus that signed on request, approved, for 2 student member seats to working WRC caucus who should/will be selected with ability to attend summer 2006 meetings.
 - Meeting again in May to continue with line by line analysis of draft document.
- May meeting scheduled week of May 23rd, will bring back info for/to LLPC

- WRC-FLA meetings held in Berkely and Chicago as forums for school administrators and students discuss DSP
 - Concerns for small list of suppliers to source needs
 - How compliance will be tracked (FLA, WRC)
 - Code of Conduct in place
 - State statutes and/or concern for anti-trust issues
 - Overall, a sense that an explicit implementation plan will clarify issues by schools without prior longstanding administrative study of this issue.

Action/Decisions

- Worthwhile to meet subsequent to May WRC meeting, hence announcement above!
